

DTS COMPONENT

Swivel Coupler

Item Code	Size in mm
4001-1	Ø 48.3

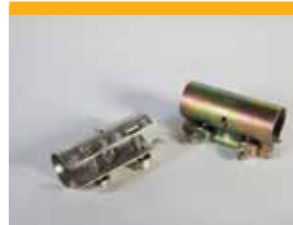

Double Coupler

Item Code	Size in mm
4002-1	Ø 48.3

Putlog Coupler

Item Code
4003-1

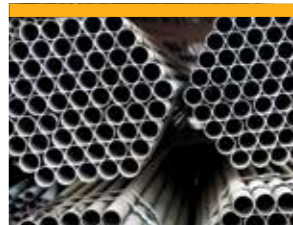

Sleeve Coupler

Item Code
4004-1

Beam Clamp

Item Code
4005-1

GI Pipe

Item Code	Size
4006-1	Ø48.3mm x 6.00m

Metal Deck

Item Code	Size in Meter
4007-1	0.21 x 2.00
4007-2	0.21 x 3.00
4007-3	0.21 x 4.00
4007-4	0.24 x 2.00
4007-5	0.24 x 3.00
4007-6	0.24 x 4.00

DAHTEC TUBULAR SYSTEM (DTS)

The Dahtec Tubular System (DTS) is manufactured in compliance with the British Standard BS1139. This tubular scaffolding system consists of many of 2" diameter tubes clamped together in such a way that rigid structure is formed. This system is essential when working with non-rectangular structures and curved scaffolding structure is needed – a situation where frame scaffolding systems are not quite made to deal with.
